

# WE ARE TRANSITIONING TO THE NEW OFFSHORE INDUSTRY.

## ARE YOU PART OF OUR FUTURE?

**WORKSHIPS**  
CONTRACTORS BV

*We are a private company offering ship and project management, as well as consulting services for marine assets and businesses in the, marine, Oil & Gas and offshore wind industries.*

### We are looking for a: **Finance Manager**

#### Tasks and Responsibilities:

Reporting to and partnering with the General Manager, the YOU will set financial policy and direction while also being an active participant in, and driver of, the organization's overall strategy. Apart from having solid basic capacities we are looking for a candidate with a high potential for personal growth with excellent financial modelling skills. Your experience with asset heavy companies and highly leveraged structures will add value to the future of Workships. You will lead all financial administration, investment activities, fiscal matters, business planning, cost and cash management, budgeting, human resources (HR) and information technology (IT).

#### Functional Requirements:

- A strong communicator in written and spoken English;
- University degree in finance/economics ;
- At least five years relevant working experience;
- Strong track record in cost and cash management, financial modeling and analysis;
- Maritime sector experience either in ship management, ship building or contracting preferred;
- Active interest in continuous improvement including leading in an ISO 9001 environment;
- Experience managing HR and IT;
- Living in the Amsterdam area and ready to start as soon as possible.

#### What do we offer?

We have restructured in order to take advantage of the current market conditions in the offshore industry and are building a team for the future. If you are an ambitious person with the ability to grow professionally, there are many possibilities within our company; we will give you the chance to grow and bring in your ideas. We work in a dynamic and fun environment where we value teamwork and reward our employees.

#### Why Workships?

Workships has a track record of delivering interesting and challenging projects within the offshore industry since 1988. We are looking to take advantage of the current market conditions in the marine and offshore industries and need the right team in place to do so.

## Will you be a part of shaping our future?
